Groupe ATC

Your specialized chemistry partner

OUR HISTORY

Founded in 1973, ATC is the French leader in chemical specialties for the leather industry

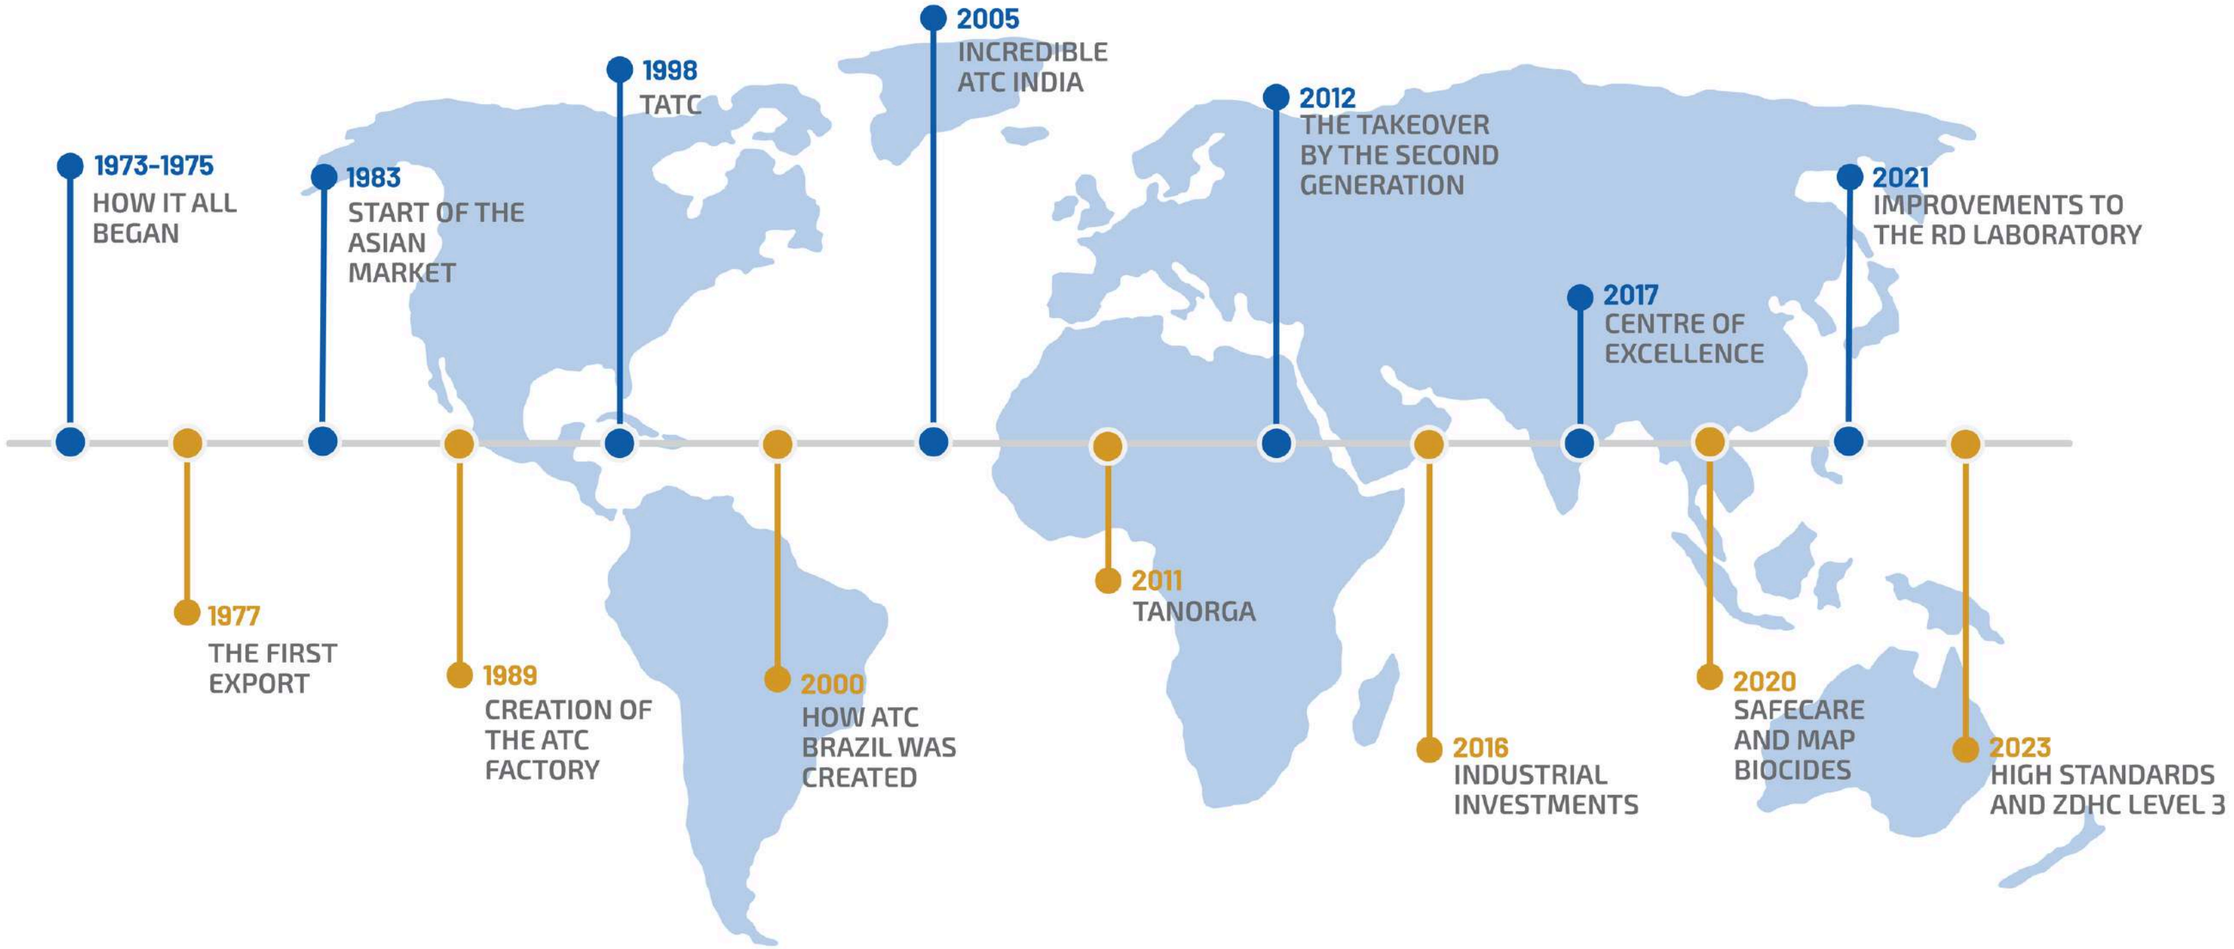
We are one of the only companies that :

- **Designs**
- **Manufactures**
- **Markets**

The entire product range used in tanneries, from beamhouse to finishing

In 2020, ATC launched Safecare, its first range of disinfectants and detergents. A few months later, the company expanded its offering with a complete range of biocides to meet industrial needs

OUR 50 YEARS OF HISTORY



THE MANAGEMENT :

Since 2012 and until today:

Jean-Baptiste and Pierre-Antoine Gualino lead ATC, the French leader of chemicals for the leather industry.

PIERRE-ANTOINE GUALINO

CUSTOMER SERVICE

TRUST

OUR COMMITMENTS

INNOVATION

We consistently invest in research and development to provide innovative solutions tailored to the market and the needs of our clients.

REACTIVITY

We are dedicated to promptly and effectively addressing our customers' requests through proficient inventory management.

QUALITY

We employ stringent procedures and controls throughout the production chain to ensure our customers receive impeccable quality.

RESPONSIBILITY

We uphold the highest standards of social and environmental responsibility, employing a sustainable and conscientious approach in all our endeavors.

CLIENT SERVICE

ATC customer service is characterized by its extensive expertise, promptness, and attentive listening, ensuring:

- **Customized assistance and individualized guidance to address the unique requirements of each client.**
- **Attentive listening enables us to foresee and address industry challenges.**
- **Optimized inventory management ensured the availability of products and production.**
- **Our dedication to product quality and innovation is reflected in our high-performance solutions.**

ENGAGEMENT CORPORATE SOCIAL RESPONSIBILITY

As a socially responsible organization, we are dedicated to:

- **Implement robust quality and environmental management systems by acquiring certifications such as ISO 14001 and ISO 9001.**
- **Ensures that our products adhere to the highest environmental standards through ZDHC Level 3 certification.**
- **Uphold the RESPONSIBLE CARE global charter.**
- **Developing more environmentally sustainable solutions.**

OUR R&D LABORATORIES

Our laboratories provide us with the ability to :

- **Develop innovative, fully customized solutions tailored to meet the unique needs of each of our clients.**
- **Test and validate our products, ensuring their performance and compliance with the highest standards.**

OUR BRANDS

From the status of French leader of chemicals for the leather industry, ATC has expanded its business by creating a disinfection and detergence product range under the Safecare brand.
Additionally, ATC has developed a new range of biocidal products dedicated to the material protection of various industries such as paint, textiles, and construction materials.

ATC
TANNERY CHEMICALS

LEATHER

Leader in chemical products for the leather industry, with specialized ranges for wet end and finishing processes.

SAFECARE
Hygiene and disinfection products

HYGIENE

Professional hygiene and disinfection products

ATC®BIOCIDES
Expert in Materials Protection

BIOCIDES

antimicrobial solutions for various industrial sectors, such as paints and construction materials.

ATC TANNERY CHEMICALS

As the French leader in specialty chemicals for the leather industry, we focus on an extensive range of products divided into two main applications:

WET- END & FINISHING.

TANNERY CHEMICALS

OUR PRODUCTS

WET-END

Beamhouse, tanning, and retanning solutions: designed to give wet-blue or crust leathers the required properties of resistance and flexibility, tailored to each specific article.

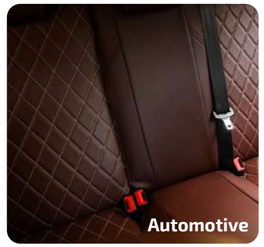
FINISHING

Solutions to enhance the surface aesthetics, texture, strength, and durability of finished leather.

OUR POSITIONING STRATEGY

FROM BEAMOUSE TO FINISHING

EXPERTISE ON ALL APPLICATIONS



SAFECARE

Specialized in hygiene and disinfection products, we proudly showcase French expertise. We offer products dedicated to hand hygiene and surface cleaning, all certified by Ecocert and designed to be environmentally friendly.
