

# ACTYLUST BRIGHT BLACK

## CHEMICAL NATURE

Modified black protein binder

**ACTYLUST BRIGHT BLACK** is specially designed for aniline and semi-aniline black finishing. It is characterized by a transparent glossy and intensely rich very deep black film (with a reddish / violet tone).

Application is by repeated light sprays of **ACTYLUST BRIGHT BLACK** which provides a smooth and uniform finish resulting from its excellent flow-out properties.

- It can be used in thin resin finish as well in casein glazed finishing.

## SPECIFICATIONS

**Aspect** : Black liquid

**pH** : 8 +/- 1

**Ionic Type** : Anionic

**Dilution** : In water

## STORAGE

The product must be stored between 5 and 35°C and, under these conditions, it has a shelf-life of 1 year. Special care should be taken to reclose the opened drums after use.

Under extreme climatic conditions, the product may slightly separate. Therefore, it is recommended to always stir well before use.
